FORESTS.

Simla, the 2nd May 1928.

No. 589—In this Department Resolution No. 1083-F., dated the 13th September 1927, it was announced that, in order to give those students who had undergone, or were then undergoing, at their own expense, a course in Forestry in the United Kingdom, but had not yet taken the Entrance Examination for the Indian Forest Service and had, by reason of changes in the Regulations governing recruitment to the Service, lost their chance of appearing as candidates at the examination, an opportunity of competing at the examination held in India, the Secretary of State in Council, in conjunction with the Government of India had decided to admit to the Indian Forest Service Entrance Examination to be held in this country in 1928, candidates falling within any of the four classes named below :—

(*a*) Those who were not debarred by age from appearing at the competitive examination in 1926, *i.e.*, were under 23 then, but were too old to appear at the examination in 1927 by reason of being over 23 on 1st April 1927 ;

(*b*) Those who had obtained a degree or diploma in forestry and were under 25 years of age on the 30th June 1926 ;

(*c*) Those who were qualified to take the examination in 1927, but did not do so, perhaps, on account of short notice and will be age-barred in 1928 ; and

(*d*) Those who having obtained a diploma or degree in forestry, were under 25 on the 30th June 1927.

The same authorities have now decided that all Indian students falling within the four classes specified above, who are unable to compete at the Entrace Examination for the Indian Forest Service to be held in India in 1928, by reason of their taking an examination in Great Britain or Ireland in the summer of this year, shall be allowed to compete at the examination to be held in India in 1929.

Ordered that a copy of the resolution be forwarded for information to all Local Governments and Administrations, the Public Service Commission and the Inspector-General of Forests.

NOTIFICATIONS BY GOVERNMENT.

CHIEF SECRETARIAT.

No. R. 1115—*L. R.* 484-26-9, *dated 8th August* 1928.

In supersession of the existing rules, the Government of His Highness the Maharaja are pleased to issue the following revised rules for the grant of lands for the cultivation of tea, coffee, cinchona, rubber and cardamom crops in the State.

I.

Rules for the grant of land for tea cultivation.

1. Applications for land for tea cultivation shall be made to the Amildar in the first instance setting forth the area required, the survey numbers, the village and the hobli in which the land is situated.

2. The land applied for, when more than 50 acres in extent, shall be inspected by a higher Revenue Officer than the Amildar, and when situated in a valuable timber tract, by the District Forest Officer.

3. In all cases, the enquiry shall be instituted as to whether the land can be given out for cultivation without prejudice to the interests and rights of neighbouring village communities and of the Forest Department.

4. Ordinarily, no application shall be entertained for an area larger than 500 acres, but in special cases in which the Deputy Commissioner is satisfied of the applicant's ability to bring under cultivation a larger area within a reasonable time, an application may be entertained for such area as the Deputy Commissioner considers reasonable.

5. No land containing valuable timber trees, which it is desirable that the Government should in the Forest Department conserve and work, shall be granted for tea cultivation.

6. When it has been ascertained that there is no objection to the grant of the land applied for, it shall be duly demarcated, and shall ordinarily be sold by public auction, subject to an upset price, to be fixed by the Deputy Commissioner, with reference to the market value of the land, such upset price being not less than Rs. 10 per acre. Deputy Commissioners may dispose of lands by public auction up to a limit of 50 acres. In exceptional cases where a sale by public auction is undesirable, the Revenue Commissioner may order the grant of the land to the first applicant or to any other person on a fair valuation. His powers of grant either by auction or for upset price will be limited to an extent of 100 acres. All other cases, particularly where the applications are considered to be of a speculative nature, should be referred to Government.

7. The land shall be granted subject to the following conditions :—

(*a*) It will be held free of assessment for the first five years from date of grant and on full assessment at the rate of Rs. 1-8-0 per acre from the 6th year onwards.

(*b*) No grant will be made unless the applicant is able to prove that he can raise the necessary capital for starting the industry.

(*c*) One-fifth of the area granted shall be planted every year.

(*d*) The grantee shall bind himself in writing to pay the full assessment from the 1st year in the event of his resigning the land after cutting down the timber on it or otherwise clearing any portion of it but without having made any *bona fide* attempt to bring under cultivation the arable area included in it.

8. Before the land is advertised for sale, the applicant shall deposit with the Deputy Commissioner one-fourth of the upset price fixed as above.

9. Full notice of every intended sale shall be published in the neighbouring villages and all sales of blocks of greater extent than 250 acres shall be advertised in the Official Gazette.

10. Whenever the lands are sold by auction, they shall be knocked down to the highest bidder above the upset price fixed, whereupon the purchaser shall deposit a sum equal to 25 per cent of his bid, and in default of such deposit, the property shall forthwith be again put up and sold. The full amount of purchase money shall be paid before sunset of the 15th day from that on which the sale of the land took place, or if the said 15th day be an authorised holiday, then before sunset of the first office day after such 15th day.

11. In default of payment within the prescribed period of the full amount of purchase money, the deposit, after defraying thereout the expenses of the sale, shall be forfeited to Government and the property shall be resold, and the defaulting purchaser shall

2. The land applied for, when more than 50 acres in extent, shall be inspected by a higher Revenue Officer, and when situated in a valuable timber tract, by the Forest Officer.

3. In all cases due enquiry shall be instituted as to whether the land can be given out for cultivation without prejudice to the interests and rights of neighbouring village communities and of the Forest Department.

4. Ordinarily, no application shall be entertained for an area larger than 200 acres, but in special cases in which the Deputy Commissioner is satisfied of the applicant's ability to bring under cultivation a large area within a reasonable time, an application may be entertained for such area as the Deputy Commissioner may consider reasonable.

5. No land containing numerous valuable timber trees, which it is desirable that the Government should in the Forest Department conserve and work, shall ever be granted for coffee or cinchona cultivation.

6. When it has been ascertained that there is no objection to the grant of the land applied for, it shall be duly demarcated and shall ordinarily be sold by public auction, subject to an upset price, to be fixed by the Deputy Commissioner, with reference to the market value of the land, such upset price being not less than Rs. 10 per acre. Deputy Commissioners may dispose of lands by public auction up to a limit of 50 acres. In exceptional cases where a sale by public auction is undesirable, the Revenue Commissioner may order the grant of the land to the first applicant or to any other person on a fair valuation. His powers of grant either by auction or for upset price will be limited to an extent of 100 acres. All other cases, particularly where the applications are considered to be of a speculative nature, should be referred to Government.

Provided also that when coffee lands are applied for by applicants belonging to the Depressed Classes, the lands may be given by the Deputy Commissioner to the first applicant for an upset price without auction. In such cases a muchalika should be taken

from the grantees in the form prescribed in the Government Order No. R. 869-75—L. R. 75-25-2, dated the 18th August 1925, stating that they will not alienate the lands for a period of 15 years. The extent granted to any one individual under this proviso should not exceed 15 acres in extent.

10. The sale shall be by public auction under the usual conditions, and the land shall be knocked down to the highest bidder above the upset price fixed, whereupon the purchaser shall deposit a sum equal to 25 per cent of his bid, and in default of such deposit, the property shall forthwith be again put up and sold. The full amount of purchase money shall be paid before sunset of the 15th day from that on which the sale of the land took place, or if the said 15th day be an authorised holiday, then before sunset of the 1st office day after such 15th day.

10A. In default of payment within the prescribed period of the full amount of purchase money, the deposit, after defraying thereout the expense of the sale, shall be forfeited to Government, and the property shall be resold, and the defaulting purchaser shall forfeit all claim to the property or to any part of the sum for which it may be subsequently sold, provided that in any case in which the enforcement of this condition may involve undue hardship it shall be competent to the Deputy Commissioner to submit the necessary recommendation for the order of Revenue Commissioner.

10B. If the proceeds of the sale, which is eventually made, be less than the price bid by such defaulting purchaser, the difference shall be recoverable from him by the Deputy Commissioner as an arrear of land revenue.

10C. The deposit of one-fourth of the upset price made by applicant under para 8 above, shall, if the land be knocked down to him at the auction, be credited towards his deposit of 25 per cent of the purchase money, and it shall be refunded to him, if the land is purchased by any other person in the auction.

11. The lands sold under the above rules shall be given on a guarantee for 30 years on the terms of the Survey Settlement and shall be held free of assessment for the first three years and on half assessment for the next two years, the full assessment of Rs. 1-4-0 per acre being payable from and after the 6th year. But before this concession is granted, the purchaser will bind himself in writing to pay the full assessment from the 1st year in the event of his resigning the lands after cutting down the timber on it or otherwise clearing any portion of it but without having made any *bona fide* attempt to bring under cultivation the arable lands included in it.

Concession as regards land required *bona fide* for purposes of coffee cultivation, such as drying grounds, cooly lines, etc.

12. The Deputy Commissioner may, in his discretion, grant to the holder of a coffee estate, on a fair valuation and without an auction, any moderate extent of Kharab land adjoining his estate, which may be unfit for coffee cultivation, but required *bona fide* for purposes of coffee cultivation, such as (1) drying-grounds, (2) pulper buildings and washing cisterns, (3) store buildings, (4) cooly lines, and (5) bungalows. In making grants under this rule, due regard shall be had to the provisions of the preceding rules as far as they apply, provided that in no case shall the extent of land to be granted by the Deputy Commissioner under this rule exceed ten acres for any single estate without the previous sanction of the Government.

Land granted under this rule shall be assessed at *rupee one and annas four* per acre.
